**THE BELL TELEPHONE CO. OF CANADA.**

## GENERAL INSTRUCTIONS.

**To call** the Telephone Exchange give the bell crank two or three sharp turns, then take the telephone from the hook, place it firmly to the ear and listen for the Operator, who should answer "Number, please."

**Call Number.**—Give the Operator the number of the subscriber's station required, giving the figures of the number separately, as **"one-four-two-nine"** instead of **"fourteen-twenty-nine."** The Operator will immediately connect your line with the number asked for, or notify you if the line is "busy."

**Answer the calls** on your bell promptly. Do not answer a call by ringing the bell, and do not ring your bell until you have finished, or you will be disconnected.

**Face the transmitter** with the mouth about two inches from the opening. Speak naturally, distinctly and not too rapidly.

**When conversation is completed,** ring once for disconnection. Your line will be reported "busy" until you do so. Replace the telephone on the hook with the opening downward.

**Do not use the Telephone** during a thunderstorm.

# EXCHANGE SERVICE.

## *RULES AND REGULATIONS.*

☞ **DESTROY PREVIOUS LISTS.**

**The right of the Subscriber** is to use the instruments and connecting lines where the Company may place them, but not elsewhere, under such rules as the Company may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business; nor shall they be used for any tolls or consideration to be paid by any person other than the subscriber; nor does this confer on him the right to use any other instrument.

**A subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any telephone apparatus, leased from this Company.**

**Moving of Instruments.—The telephone is first located by the Company where the subscriber directs; if afterwards the instrument is required to be moved, such removal will be done by the Company at the expense of the subscriber.** Subscribers wishing their instruments moved will please fill out the blank form in the back of this book, and send it to the Local Manager. The instruments will then be moved as soon as possible.

**Numbers.**—Subscribers are requested not to advertise telephone numbers, but simply the word "Telephone," as it may be necessary to change such numbers.

**The use of profane or improper language** over the lines is strictly forbidden.

**Complaints** regarding inattention on the part of employes of the Company, or of interruptions to Exchange Service, should be made to the **Trouble Department Telephone,** which, in the larger exchanges, is given at the head of the list of subscribers for that place, and, if not promptly attended to, to the **Local Manager.** If the matter is not then satisfactorily arranged, notice should be sent to the **Ontario Department Office, Hamilton**, or to the **Head Office, Montreal.**

# LONG DISTANCE SERVICE.

**Direct Telephonic communication can be had with all the principal cities, towns and villages in the Provinces of Quebec and Ontario and the United States. A List of Offices connected by the Long Distance Lines of this Company in the Provinces of Ontario and Quebec will be found in this book.**

## *RULES AND REGULATIONS.*

**Connections outside the Local Exchange** may be obtained by asking for "Long Distance."

**Charges.**—Regular tariff rates will be charged subscribers for each connection from their telephones to points outside the local exchange limits. When a conversation on a toll line exceeds the time unit allowed, the extra charge for overtime will be added to the rate in all cases.

**When a particular person is desired,** the name must be given with the call; otherwise, charge will be made for connecting the station asked for, and for the full time the line is held, whether the party required is obtained or not.

**Non-subscribers** who desire the use of subscribers' telephones should be referred to the Public Stations of the Company.

**Night Rates.**—Between the hours of **6 p.m. and 6 a.m.** a night rate of about one-half the day rate is in effect, except where the day rate is 25 cents or less.

**Written Messages** of twenty words or less will be transmitted at the regular conversation rate (day or night). The regular minute overtime will be charged for each five additional words or fraction thereof.

**Reversal of Charges.**—All charges will be made against the originating office except those messages for which the receiving party expressly agrees to pay. The assent of the receiving party to a reversal of charge must be obtained before the connection is established. No messenger charges shall be reversed.

**Messenger Service.**—Upon request, and the pre-payment of reasonable charges, a messenger will be sent when possible to notify a non-subscriber to come to any Public Station of the Company.

**Complaints** regarding unsatisfactory Long Distance Service should be made direct to the Toll Line Department, Montreal.

## SUGGESTIONS

TO USERS OF THE

## Long Distance Telephone.

A CONVERSATION OF 150 WORDS CAN EASILY BE KEPT WITHIN ONE MINUTE.

JOT DOWN ON PAPER WHAT YOU WISH TO SAY, get your thoughts condensed into as few words as possible and SAVE OVERTIME CHARGES.

TELL "LONG DISTANCE" THE NAME OF THE PERSON YOU WANT. It will save delay and result in more satisfactory service.

REMEMBER that the LONG DISTANCE TELEPHONE furnishes the ideal means of rapid transit without the cost of a journey.

WHEN USING A LONG DISTANCE TRANSMITTER SPEAK WITHIN A QUARTER OF AN INCH OF THE MOUTHPIECE. - - - - - - -

DON'T { TRAVEL, WRITE, TELEGRAPH.
